

NSR COORDINATOR REPORT ON LCICON MONTREAL 2021

I started to plan the NSR matters for LCIcon Montreal in end of 2020. My friend and congress director Yves Léveillé has been a great help but lot of difficulties happened in planning when LCI headquarter was more or less closed and their staff was off or working from home.

For NSR there has been no costs for the planning of LCIcon 2021. It seems also that LCI will not charge us for our huge NSR coffer that are stored at LCI with all our material for the international parade.

All the hours of planning seem not wasted since we will have next LCIcon 2022 even in Montreal and more or less all facilities and program seem to be the same.

Kind regards

Björn Hägerstrand
NSR coordinator 2020-2022
